

Platinum Support Service Maximum Service for Maximum Performance.

Toshiba's Platinum Support Service is the first-class solution to keep your business running. It includes an exclusive blend of services aimed at managing disruptions in the quickest and most efficient way.

Should a device become in need of repair, you'll get an immediate response to solve the issue and if required, a Toshiba certified professional will be dispatched to your location within the next business day¹. With maximum support on-site, you can get back to business without any delay.

To make the Platinum Support Service a perfect fit, a dedicated account manager and a personalised support portal enables you to keep track of all your mobile assets. Dedicated support includes remote diagnostics to report the status of the devices, so you can proactively reduce the risk of interruptions.

Service Specifications

3 years Platinum Support Service including Hard Drive Retention, Battery Replacement & Business Support Portal (PSUP123EU-VBY)

• Docking Replacement Service:

Add an additional Docking Replacement Service to extend also the warranty of your Toshiba Port Replicator or dynadockTM.⁴

3 years Platinum Support Service including Hard Drive Retention, Docking Replacement & Business Support Portal (PSUP123EU-VDS)

¹ Next Business Day Response is subject to parts availability and Service Level Agreements.

² Hard Drive Retention: The hard drive remains your property, but will not be eligible for any ongoing support. Any additional products and components, as well as additional hard drives replaced under warranty, shall become the property of Toshiba.

³ Battery Replacement: ONE free exchange after the battery standard warranty period has ended (1 year), if the battery capacity is less than 50%. The remaining battery capacity can be checked via the preinstalled PC Health Monitor. If CRU is applicable, the replacement battery will be shipped to you.

⁴ Docking Replacement: When claiming a Docking Device as defective, a new or refurbished Docking Device that is equal to a new product in performance will be sent to you. If requested by Toshiba, the defective Docking Device has to be returned to Toshiba at Toshiba's expense. In the event that the defective Docking Device is not received by Toshiba within fifteen (15) working days following receipt of the new or refurbished Docking Device, you will be charged the retail value of the replaced Docking Device.
